Trietsch Enrichment Center: Transitional Kindergarten class

Does your 5 year old need extra time before entering Kindergarten?

Trietsch Enrichment Center offers a transitional Pre-K5 program specifically designed for children who turn 5 by September 1st. This class provides an extra year of pre-academic and maturational growth before the child is enrolled in a Kindergarten classroom. A child might also benefit from this program if they have just turned 5 years old in the summer before school starts.

The TEC Pre-K5 curriculum stresses readiness skill development to include emerging reading, oral language, social skills, listening and observation skills, and fine/gross motor skills. The program also includes the following enrichment activities: weekly music, gross motor classes, Spanish class, monthly hands-on science lesson/lab, lending library, and 2 additional off site field trips yearly.

Christian teachings and character development are emphasized throughout all monthly units. Daily Bible stories, songs, verses, activities, and prayer are included. All classes at TEC gather for a monthly "Bible Celebration" time in the Sanctuary.

At TEC, children thrive in a classroom with an 8 to 1 student-teacher ratio (16 children max in each classroom). This allows each child to develop the confidence and self-esteem needed to encounter real life situations. The staff is made of highly educated, experienced, and dedicated professionals who are passionate about the education of young children. All lead teachers hold a degree in the education field.

The Pre-K5 program meets five days a week from 9 a.m to 1 p.m.

Tours of the program are available Monday through Friday from 9:15-12:15. It is best to schedule your tour so our guests can have undivided time while learning about the program.

LakeCities Ballet Theatre Performs "Coppelia"

March 29-31, 2019 @ 7:30 PM

MCL Grand Theatre, 100 Charles St, Lewisville

972-317-7987 or [Email](#) or [Event website](#) Cost: \$20

Coppélia is the story of a girl, by the same name who sits on her balcony all day reading, while speaking to no one. A local boy named Franz falls head over heels for her and decides to marry her, regardless of the fact that he is already engaged. His fiancé, Swanilda, finds out about Franz's plans, but soon learns that Coppélia is really only a wind-up doll that belongs to Doctor Coppélius, the town's mad scientist. Swanilda decides to impersonate the doll and win back the love of Franz. Chaos follows, but, in the end, Swanilda and Franz make up and get married. The townspeople celebrate the marriage with festive dances and merriment, as everyone involved goes happily on their way.

There will be a pre-performance workshop on Sunday, the 31st, at 12:30 pm, which will be free with the purchase of a performance ticket. This event for our younger guests, conducted by Artistic Director Kelly Kilburn Lannin, will include a visit to LBT's "Wax Museum", where there will be live wind-up dolls on stage who explain the story of Coppélia and the different roles that the dancers will play in the production. Please RSVP for this workshop to guild@lakecitiesballet.org and include the attendee's name and age.

Show dates and times are Friday, March 29, 7:30 p.m., Saturday, March 30, 7:30 p.m. and Sunday, March 31, 2 p.m. Tickets are \$20 per person and can be purchased online at lakecitiesballet.org or at the door.

"Our daughter is now at grade level and her test scores have increased dramatically. She was typically a C or D student and she is now an A and B student. The best part is watching her self-confidence grow as she continues to do well. She has learned what it feels like to be successful in school. A huge Thanks to the Huntington staff for sticking with her and getting her to overcome the weakness she had. This experience ended up being Priceless!!!"

Monday, April 8, 6 p.m. Acrylic Pouring with Art House Cost: \$30 per person

Learn the technique of pouring with acrylic paint to create landscapes, abstracts, and animals. Workshop participants will learn to use the elements and principles of design to create full, functional, and stylish compositions. Each participant will complete pours on 4 different canvases.

After many years of working in traditional acrylic painting and mixed media, Susan (Sue) Passarelli Ferraro switched methods of painting and has been working to perfect the art of "Pouring". This technique involves creating paintings using a more fluid form of acrylic paints which are poured rather than brushed onto a painting surface. Sue has several series of pours and other paintings which have been on view at local galleries.

Studio Art House was established in 2000 by a family of artists. First located in Flower Mound, Studio Art House has expanded to meet the growing needs of artists of all ages in the Dallas-Fort Worth area, opening additional locations in Southlake and Highland Village.
