# BROMO MOUNTAIN

## Why do we drink Alamo Mineral Water ?

- Alamo comes from the spring of Mount Bromo - East Java - Indonesia
- It has a very high mineral such as Potassium (K), Calcium (K), Magnesium (Mg), Iron (Fe), and many others.
- These minerals are vital for organ functions, especially the heart and the nervous system. Many illnesses such as mental disturbances, depression, forgetfulness, fatigue, etc. are caused by a mineral imbalance in our body. In fact, cardiac arrest can be prevented early by consuming the right amount of minerals, like magnesium. For people who are prone to falling sick, consuming sufficient minerals can also help to alleviate the condition. Moreover, natural minerals are also known to be an effective Anti-ageing agent, Promote a healthy mind, and Enhance Natural Beauty.
- Our Mineral Water complies with any Nation's Requirement and any International standards. Currently we do shipment to Singapore, China, Australia and Saudi Arabia as the Biggest Mineral Water Exporter in Indonesia.
