

Read Me – SERVING TOGETHER CAMPAIGN

The Serving Together Campaign is designed to challenge families to serve together as a means of growing closer to God as they grow closer to each other. This kit contains all the resources necessary for this campaign including a Serving Together Guide to help families get started serving together. The Serving Together Guide and Plan are designed to allow you to add customized serving together opportunities within your church and community. A sample of how Lake Pointe Church customized these resources as well as other examples are included. Additionally, there are banners, logos, and posters that can be used to promote the campaign. The list below are the recommended Featured Resources to make available at your HomePointe Center, library, and bookstore.
